Summary

Full Stack Developer with hands-on experience in building and deploying full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing responsive user interfaces, REST APIs, database integration, authentication systems, and application deployment. Experienced with Git, GitHub, and deploying production-ready applications on Vercel. Looking for an opportunity to contribute to real-world projects, enhance my development skills, and grow as a Full Stack Developer.

Education

Bachelor of Technology (B.Tech) Dr. A.P.J Abdul Kalam Technical University	Lucknow 2026
Diploma in Electrical Engineering Azad Group of Educational Institutions	Lucknow 2023

Projects

ChatVerse – Real-Time Chat Application

Developed a full-stack real-time chat application using React.js, Node.js, Express.js, MongoDB, JWT Authentication, and [Socket.io](#). Implemented secure user registration/login, protected routes, user search, one-to-one conversations, real-time messaging, and persistent chat history. Designed a modern responsive UI with auto-scrolling messages and real-time updates. Built REST APIs, integrated MongoDB Atlas, and managed authentication and authorization using JWT.

CareerConnect Job Portal

Developed a full-stack Job Portal application using React, Express.js, and MongoDB. Implemented complete CRUD functionality, allowing employers to post, update, and delete job listings while users can browse available jobs and view detailed job information. Built RESTful APIs, integrated MongoDB for dynamic data storage, and used React Router for seamless navigation across the application.

TaskFlow Manager

Developed a full-stack task management application using React.js, Node.js, Express.js, and MongoDB. Built features for task creation, updating, deletion, and real-time status tracking. Designed a responsive and user-friendly interface, integrated RESTful APIs for seamless data management, and implemented efficient database operations to improve task organization, productivity, and workflow management.

Skills

Frontend

React.js, Javascript, HTML5, CSS3, Bootstrap

Backend and Database

Node.js, Express.js, MongoDB, MongoDB Atlas, Mongoose, REST API Development,SQL

Problem Solving

Data Structures & Algorithms, OOP Concepts, API Integration

Tools

Git, GitHub, VS Code, Vercel, Postman, Railway, Render

Soft Skills

Communication Skills, Teamwork & Collaboration, Problem-Solving, Adaptability, Time Management.
